

Serving California Children Since 1952

COMMITTEE DONATIONS

June 1, 2018
to
May 31, 2019

The Native Daughters of the Golden West Childrens Foundation would like to thank all the Districts, Parlors, Sisters and friends for their generosity.

Because of your donations, the children of California are able to hear the birds sing for the first time with the use of a hearing aid that you helped to purchase. They can see leaves on the tree through corrective lenses provided by you. They can travel more easily to medical appointments and family outings with the help of a medical stroller or van lift that you gave them. They are receiving specialized medications and physiscal therapy funded by you. They are able to smile after orthodontia work that you provided. Premature infants are being given supplemental nutrition through the Human Milk Fortifier program because of you. Special needs children are able to experience the joy of summer camps from a donation made by you.

YOU are the reason our Committee is able to help the children of California. We couldn't do it without you! THANK YOU ALL!
